A GRAND SPECTACLE

Pillars of Fire Shoot High in the Sky from Mont Pelee.

COLORED FIRE FALLS

Above All These Large Aureoles Appeared in the Sky—The Earthquakes Were Severe and Tidal Wave Sweep Coast.

London, Sept. 4.—The correspondent of the Daily Mail at Castries, St. Lucia, has cabled the following account of a phenomena witnessed at the time of the recent outbreak of Mount Pelee on Martinique:

"Between 8 and 9 o'clock on the evening of Aug. 30 a spectacle of terrible grandeur was witnessed from here. A pitch black cloud hung over the island of Martinique through which shot at intervals pillars of flame high in the sky, which broke in fantastic showers of fiery sparks. About night-fall in the clouds sparks were darting about like millions of fireflies, and above all those large aureoles appeared in the sky."

The correspondent then proceeds to confirm details of the eruption as already known, and says:

"There was tremendous earth rumblings and explosions. The ground rocked and nothing could stand on the tables or shelves. Boats for St. Pierre were unable to reach the town owing to the fall of hot ashes, and a tidal wave destroyed the whole sea front of Le Carbet."

MONT PEELE DISASTER.

Over One Thousand Persons Killed and Many More Injured

Castries, B. W. L., Sept. 4.—The zone of destruction of Saturday night's eruption of Mont Pelee, Island of Martinique, paralleled that which destroyed the town of St. Pierre in May last, but it spread some five miles more eastward. The projection of destructive matter southward from Mont Pelee was almost identical with that of last May. The area embodied Morne Rouge, the southern spur of Mont Pelee, on which beautiful hill was the sanitarium of St. Pierre, dividing the Capote and Champs Dore valleys on the east and Ajoupa Bouillon and Metrie Reine on the west, the market gardens and cattle farms of which supplied St. Pierre. The inhabitants were removed from this area and several villages of Lorraine and Basse Pointe at the base of Mont Pelee after the May catastrophe, but they were sent back by the government last week. The gendarmes of Martinique officially report that 1160 persons were killed and 1500 injured by the latest showers of fiery hail.

Warships and steamers are taking the inhabitants from the coast villages, where people from inland places also have gathered for safety.

Survivors who have reached Fort de France describe the eruption as being the most violent yet experienced.

The detonations were heard at the Island of St. Kitts.

The St. Vincent volcano, the Soufriere, was in eruption simultaneously. Awful detonations were heard along the southern islands at Trinidad.

Again in Eruption.

Castries, B. W. L., Sept. 4.—The coast telephone service reports other violent eruption of Soufriere volcano on Island of St. Vincent was observed at midnight Wednesday night.

Destruction of Two Villages.

Paris, Sept. 4.—The ministry of colonies has received a cable dispatch from the governor of Guadeloupe saying Morne Capote was much damaged by the recent eruption of Mount Pelee, and that Basse Pointe Heights were burned.

Volcano Dust Out in Sea.

Kingston, B. W. L., Sept. 4.—The German steamer Castilla, which has arrived here from St. Thomas, D. W. L., reports encountering a heavy fall of volcanic dust while 800 miles at sea. She also reports the coast of Hayti completely obscured by the haze caused by the dust.

Will Speak at Reunion.

St. Joseph, Mo., Sept. 4.—Telegrams of acceptance have been received by the committee on arrangements for the reunion of ex-Confederates from Senator Berry of Arkansas, Senator Cockrell of Missouri and "Private" John Allen of Mississippi to attend the reunion and deliver addresses.

Boxers Again in Force.

Hong Kong, Sept. 4.—A boxer proclamation has been posted at Canton inciting the slaughter of foreigners. It ascribes to commence the work on the Canton-Hanchow railroad and to collect funds for the payment of foreign indemnity.

Again in Session.

Cleburne, Tex., Sept. 4.—The Twelfth

district congressional convention convened here to-day. This is the third convention in two months, to attempt to nominate a congressman for this district. Thus far 6071 ballots have been cast.

Thirteen Killed by Explosion.

London, Sept. 4.—An explosion occurred at Tredegar Iron company's colliery, near Rymley, Monmouthshire, while 112 men were underground. Thirteen of these are known to be dead and seventeen seriously injured.

AN EDITOR SHOT DOWN.

He Is Deliberately Assaulted at His Own Home by Two Men.

San Francisco, Sept. 4.—Fred Marriott, publisher of the San Francisco News-Letter, was shot Wednesday night at his home three times and seriously wounded. His assailants were Thomas H. Williams, Jr., president of the California Jockey club, and Truxton Beale, former United States minister to Persia and Greece. Neither will say who did the shooting, but Marriott says that it was Williams. The following account of the shooting was given by Marriott before he was put under anesthetics at the hospital:

The appointment was made by telephone for a meeting by Truxton Beale. About 9 o'clock Beale and Williams came to the house. I answered the door myself. When reaching to take their hats off Beale struck me a heavy blow in the face and made another slash at me with his fist. "Smash him, the ———," cried Williams. I retreated, as the blow on the forehead almost blinded me. I then started up stairs and Williams began shooting."

The first shot fired shattered Marriott's leg below the knee and he fell to the steps. As he rolled to the bottom of the stairs two more bullets were shot into him. One cut through the thigh a few inches below the hip, passing clear through the leg. The other struck him in the right hand.

Mrs. Marriott, hearing the first shot, came to the head of the stairs in time to see her husband fall. She started down to him. Then, it is claimed, a revolver was turned in her direction and two more shots were fired. One passed within four inches of her head.

Williams when seen said: "Yes, Beale and myself did the shooting, but there is nothing to say. We considered it our duty to punish Marriott for publishing the article last week reflecting on the reputation of a young lady."

KITCHEN MAID SHOT.

Assistant Gardner on Huntington Estate Does the Shooting.

New York, Sept. 4.—Mystery surrounds a shooting affray on the beautiful Huntington estate at Throgg's Neck, in which a kitchen maid was probably fatally wounded by a gardener's assistant. Mrs. Collis P. Huntington made every effort to baffle the police and coroner until threatened with arrest.

The kitchen maid was Elizabeth Connel, 24 years of age, and the man now under arrest charged with the shooting is Daniel Hawkins, 45 years old, who lives on the estate with his wife and seven children. The victim of the shooting is now at the point of death, suffering from three wounds.

Hawkins is said to have walked into the kitchen and, without a word, fired a bullet into the girl's back. The bullet pierced the lung. He shot her twice more, both bullets striking the arm. Then he ran down to the dock and jumped into the sound, but was rescued.

The cause of the shooting was not learned. The dying girl could give no reason for it, and Hawkins refused to make a statement.

TESTING CONSTITUTION.

A Negro Applies for Injunction Against Alabama's New Constitution.

Montgomery, Ala., Sept. 4.—Giles W. Jackson, a negro, has filed application in the circuit court of the United States here for an injunction against the new state constitution of Alabama. The petition prays the state registrars to be enjoined for the further refusing to put the names of himself and other qualified negro citizens on the registration list. He also asks that clauses of the new constitution be declared unconstitutional. Two previous bills to enjoin the constitution were filed by Jackson, but both were refused.

The Attack at Montauk.

Montauk, L. I., Sept. 4. Montauk was attacked by the enemy's ships early this morning. The Mayflower appeared in Fort Pond bay at 5 o'clock. She was followed by the Panther and the Supply. The weather was misty and the vessels could not be detected until they had entered the bay.

Marines Land at Montauk.

New London, Conn., Sept. 4.—Official dispatch given out at army headquarters here says ten boat loads of marines from two cruisers landed at Montauk today to attack the signal station there.

Negro Attempts Assault.

Memphis, Sept. 4.—Police are looking for a negro who attempted an as-

Grand Opera House.

THE DAILY EAGLE.

Entered at the postoffice as second class mail matter.

BY CONNELLY & CARNES.

Per Week, 10c. - Per Month, 40c.

FRIDAY, SEPT. 5, 1902.

It is stated that the Rock Island surveyors are blazing the permanent survey and running an air line without regard to missing towns.

Mayor Tom L. Johnson of Cleveland, dominated the Ohio democratic state convention and is now regarded as a logical candidate for the presidency.

The Dallas fair management has the thanks of the Eagle for complimentary season tickets to the fair which opens Sept. 27 and closes Oct. 12. This will be the seventeenth annual fair and probably the greatest in the history of the enterprise.

Gen. H. B. Stoddard, who has just returned from the east, had an interview with Hon. David B. Hill at the office of the latter while in Albany, N. Y. Gen. Stoddard says the great New York democrat made many inquiries about Texas and the south, showing that he is keenly interested in national politics, and expressed sanguine belief in the success of the democratic party in the next presidential election. Gen. Stoddard also says that Roosevelt is certain to be the republican nominee for the presidency, and that he is very popular in the east.

Coughed Up a Needle.

About three years ago Mrs. Mary Phoebe, of Millican, swallowed a needle. Since that time several physicians have been treating her for consumption. Mrs. Phoebe grew worse under the treatment. Recently she made a very hard cough and up came the needle, to her great astonishment, bright as new, with the exception of the point which was a little tarnished. Since she coughed up the needle her health has been greatly improved and she is taking on flesh. She suffered much pain from the needle.—Navasota Examiner.

BRYAN, TEXAS

THE JOHNSON TICKET.

Nominations Made by Ohio Democrats in Session at Sandusky.

Sandusky, Sept. 4.—The following is the ticket nominated by Ohio Democrats in session here Wednesday:

The ticket is as follows:
Secretary of state—Rev. Herbert S. Bigelow, Cincinnati.
Supreme judge—Michael Donnelly, Napoleon.

Food and Dairy commissioner—Philip H. Bruck, Columbus.

Member of state board of public works—Jos. J. Pater, Hamilton.

The Democratic state convention was principally the occasion of booming its presiding officer, Mayor Tom L. Johnson, for the presidency, and of introducing into Ohio politics Rev. Herbert S. Bigelow, pastor of the Vine Street Congregational church at Cincinnati.

The former has been conspicuously before the public as congressman and delegate to national and other conventions for years, but the latter was not so well known until he was made the standard bearer of his party and made a speech of acceptance that was received with unusual enthusiasm. Rev. Bigelow is 33 years old, and has become prominent as a lecturer, as well as a popular preacher.

The convention lasted less than three hours. It was a Johnson convention throughout, though Mr. Johnson himself was more conciliatory than at the preliminary meeting of the past two days. The platform was adopted as it came from him through the committee. The state central and executive committee were both organized as he suggested and the state ticket, with a single exception was nominated by acclamation as slated by the Johnson men.

The only contest for a nomination on the convention was for food commissioner. Ex-Mayor Bruck of Columbus was nominated over Senator Kraus of Cleveland, the neighbor and personal friend of Johnson.

Then followed the declaration of Ohio Democrats and the platform adopted contains this plank:

"In state convention assembled we Democrats of Ohio hereby acknowledge and declare our continued allegiance to the Democratic party of the nation on national issues, re-affirming and endorsing the principles laid down in its last national platform adopted at Kansas City, and which were fully and ably represented in the presidential campaign of 1900 by Wm. J. Bryan, and regarding these principles as opposed to imperialism and colonialism, as opposed to government by injunction, as opposed to trusts and trust fostering tariffs, as opposed to finance monopoly and as opposed to all other legalized monopolies and privileges, we condemn every effort to repudiate or ignore them."

Mayor Johnson with his big tent, opens the campaign at Loraine next Saturday and the convention voted to have delegates present from as many counties as possible.

Chairman Frey stated that the state committee had already arranged to have Bigelow speak in every county and that Johnson and Bigelow would now fill engagements every day and night until after the November election.

Iowa Democratic Ticket.

Des Moines, Sept. 4.—The following ticket was named by the Democratic state convention here Wednesday, the nominations being by acclamation:

Secretary of state—Richard Burke.
Auditor—J. S. McLaughlin.
Attorney general—John Dennison.
Treasurer—R. U. Chapman.
Judge of supreme court—Thomas Stapleton.

Clerk supreme court—Jesse Tripp.
Supreme court reporter—John E. D. Dalton.

Judge of supreme court (short term)—W. H. Quick.

Railroad commissioner—Thomas Benson.

The convention adopted a platform which makes no mention of free silver of the Kansas City platform. This is the first time the Iowa Democrats have ignored the silver question since the Dubuque convention of 1896, when free silver at a ratio of 16 to 1 was specifically indorsed.

Mayor Rose for Governor.

Milwaukee, Sept. 4.—Mayor David S. Rose of this city was nominated for governor of Wisconsin by the Democratic state convention and John W. Tate of Kenosha was the choice for lieutenant governor.

The platform condemns the Republican party for the "enactment and maintenance of a tariff law which fosters trusts."

California Democratic Ticket.

Sacramento, Sept. 4.—California Democrats nominated the following ticket:

Governor—Franklin K. Lane.
Chief justice of the supreme court—John K. Law.
Associate justices—E. C. Farisworth, Jr., and N. K. Bowden.
Secretary of state—Alex Rosebrough.
Controller—F. W. Hartley.
Attorney general—W. A. Gett.
Treasurer—S. H. Brooks.

Landslide Kills 700 Persons.

Vienna, Sept. 4.—News has been received here from Tiflis, Trans-Caucasia, Russia, of a landslide which occurred August 17 in the vicinity of Mount Kasbek and which resulted in the destruction of some 20 villages and the loss of nearly 700 lives. Seismic disturbances seem to have started a glacier which swept down a valley and destroyed everything in its path.

Candidates for DeGraffenreid's Place.

Longview, Tex., Sept. 4.—W. L. Sargent, who was private secretary to the late Congressman DeGraffenreid, and Hon. R. G. Andrews of Winsboro, are candidates for congress from the Third Texas district for fill the unexpired term of the late Congressman DeGraffenreid.

Severe frost fell over Canada on Wednesday night.

CONDITION OF COTTON.

The Average Is Lower in Texas Than for Many Years.

Washington, Sept. 4.—Sixty-four points, the present unprecedented low average of the condition of cotton, which is two-tenths of a point lower than the condition on Sept. 1, 1896, is due mainly to the reports from Texas and Alabama, in both of which states the prevailing conditions are nothing less than disastrous.

The average for Texas is 3 points lower than at the corresponding date in 1895 and 1901, and is the lowest ever reported for that state. In Alabama also the crop is the poorest ever known. Georgia reports 9 points below its ten year average; the condition figures are 1 point below the corresponding average in 1899 and 1900. The condition in Louisiana is the same as in September, 1900, or 6 points below its ten year average. Mississippi reports 7 points below its ten year average, but its condition is still 8 points above that at the corresponding date in 1900; South Carolina is within 1 point of its ten year average and North Carolina, Tennessee and Arkansas are 2 points, 7 points and 1 point above their respective ten year average.

There are general complaints of the premature opening and imperfect development of bolls, and from South Carolina, a state whose reports are far from being among the most unfavorable, the statement is made on the authority of ginners that about 14 per cent more seed cotton is required for a 500 pound bale than in an average year.

CAUSE OF THE WRECK.

It Is Supposed That a Broken Rail Ditched the Passenger.

Temple, Tex., Sept. 4.—Passenger train No. 75, westbound on the San Angelo branch of the Gulf, Colorado and Santa Fe railway, went into the ditch Tuesday night between Zephyr and Mullin. Three cars, two coaches and the mail and express car were derailed and Postal Clerk Benson Maxwell, residence at Temple, was injured internally, but not dangerously, and Mrs. R. M. Humphries will probably die, her skull being fractured. None of the others is dangerously injured, though many are painfully cut and bruised about the head, shoulders and hips.

The injured are: Miss Alice, Kate and Agnes Humphries and two sons of Mrs. Humphries, who were moving from Houston to Brownwood; Mrs. B. K. Hawkins and three children, Brownwood; Jeff Crossland, brakeman, Temple; R. E. Baker, Blevins; J. W. Jackson, Blevins; Mrs. M. L. Gilbert and son, Cleburne; George Browline, Zephyr; Bob Bradbury, Zephyr; Steve Hayes, Zephyr; Mrs. Ann Johnson Ballinger; R. N. Usselman, Temple; B. M. Maxwell, mail clerk, Temple; Miss Della Hill, Killeen; Mrs. Mary Adams, Williamson county; Mrs. Pullen, Belmont; Lee Neblett, Waco; Lee Hall, Brownwood, and a colored porter.

It is presumed that the accident was due to a broken rail, as incoming 76, eastbound, which passed the other at Mullins, passed over a very rough place that jolted the cars badly.

Fatal Duel at Paris.

Paris, Tex., Sept. 4.—In a shooting affray at the southeast corner of the square Wednesday morning at 1 o'clock Joe Copeland, a well known sporting man, was fatally wounded by John Crain, another sporting man. Five or six shots were fired in the fight, but only one took effect in Copeland's right side and passed through, touching the liver and producing a wound from which he died about 7 o'clock. Crain was not hit. He was placed under arrest at the Kimball hotel a few minutes later. He admitted his participation in the shooting and claimed to have acted in self-defense. When taken in custody his revolver showed only one empty shell, and he claimed that one shot was all that he fired.

Death of Captain Brittain.

Georgetown, Tex., Sept. 4.—Capt. J. L. Brittain, one of the old landmarks of this place and for more than 50 years a citizen of Texas, died here Tuesday night of old age. Captain Brittain came to Texas when a boy from Tennessee.

SITUATION ALARMING

Non-Union Miners Fired on at the Simmons Creek Mines.

GUARDS TAKE PART

It Is Not Known Whether Any One Was Killed—The County Officials Cannot Get Men to Assist in Keeping the Peace.

Bramwell, W. Va., Sept. 4.—The situation in the Flat Top coal field is yet alarming. Wednesday night at Simmons Creek as the non-union miners were leaving the mines, a volley was fired at them supposedly by the strikers hidden on the mountainside. The guards returned the fire. So far as is known no one was injured. The officials at Simmons Creek and other operations in the Flat Top field have asked the county and state authorities for protection, but the county authorities need officers at so many different points it seems impossible for the sheriff to find men enough whom he can deputize to preserve order. More than half the men deputized in the past week or two by the sheriff as deputies refuse to act in that capacity. It is said that whole prosecutions will result from this when the next criminal court convenes as the sheriff seems much enraged at the poor support being given him. As yet Governor White refuses to send any troops to this field notwithstanding many appeals are made daily.

The fire in the Pocahontas mine continues to rage although two large streams of water have been pouring into the pit mouth for two days. The mine officials fear explosions in the mine as the result of the fire and it is difficult to get men who will push enough into the interior to fight the fire. Advances from the Elhart field are to the effect that probably 100 strikers returned to work there Wednesday, chiefly Hungarians, who cannot speak a word of English. It is more than likely the strikers will endeavor to prevent them again entering the mines and trouble may result in that field.

THE COAL STRIKE.

Companies Say Their Proposition Must Be Accepted if an End Wanted.

Wilkesbarre, Pa., Sept. 4.—President Baer's declaration that the miners strike cannot be settled except on terms heretofore started by the coal companies has cast a gloom over the entire strike region.

At strike headquarters President Mitchell discussed the Baer statement with some of his lieutenants, but he declined to say anything for publication. He said some time in the near future he may reply to the Baer statement.

President Mitchell denied the report he had received a communication from J. P. Morgan, asking him to state the best terms upon which he would settle the strike.

ISSUE OF BONDS.

Total Amount Approved by the State for the Past Year Was \$12,283,138.

Austin, Texas, Sept. 4.—The attorney general has given out a statement of the bonds approved from Dec. 15, 1900, to Aug. 13, 1901, and for fiscal year ending Aug. 31, 1902. The statement shows a total amount of \$12,283,138, divided as follows: County bond, \$3,288,080; city, \$4,815,549; school district, \$320,900; board of education, \$3,858,607. In addition to the above, over \$1,000,000 in bonds are pending for approval awaiting the execution of bonds.

The governor has appointed W. J. Greer, of Van Zandt county, district attorney of the Seventh district, vice R. W. Simpson resigned. Greer is the Democratic nominee for the office.

Belton and Temple are to be connected by an electric railway. Articles of incorporation have been filed by the Belton and Temple Electric Railway company, capital stock \$100,000; distance, 8 miles.

Prof. N. J. Badu of Llano passed through here from New York, and reported that all arrangements had been made with an eastern concern to develop the big Iron Mountain mine there, and work will commence on Oct. 15.

Families Fight Near Houston.

Houston, Sept. 4.—There was a shooting Wednesday night down the Harrisburg road. The parties to it were Joe Weiss, Sr., and Joe Weiss, Jr., and Mrs. Weiss, on one side, and McNermott, wife and daughter on the other. The latter used a sixshooter, firing 18 or 20 times, and the former a shotgun loaded with small shot. The sixshooter did not hit the enemy, but killed two hogs. The Weisses used effectively the shotgun and McNermott was shot in the face, but is not seriously hurt. An old feud cause of the fight. Several arrests have been made.

Robbed and Thrown Off.

Corsicana, Tex., Sept. 4.—News has reached here that a negro aboard the southbound Houston and Texas Central was robbed of his money and then thrown from the train between Richland and Wortham by other negroes. It is stated that the next train which passed picked him up and took him to Wortham for medical attention.

The Report Denied.

New York, Sept. 4.—John A. Drake has denied the report emanating from St. Louis to the effect that a new racing circuit will be established by himself, John W. Gates, and others.

HIS TOUR COMPLETED.

President at Oyster Bay from His Tour Through New England.

Oyster Bay, N. Y., Sept. 4.—President Roosevelt returned here at 8:30 o'clock Wednesday night after his thrilling experience near Lenox, Mass. His right cheek is swollen, there is a black bruise under his right eye and his mouth is slightly swollen. Otherwise he shows no effects of the accident.

He will go south the latter part of the week, according to the original schedule and will be accompanied by Secretary Cortelyou who, while considerably shaken up, expects that his injuries will not incapacitate him from duty. Mr. Cortelyou's nose is badly bruised, there is a lump on the back of his head and bruises behind his left ear and on his body.

The president says he may have to make his first public appearance with a black eye and a swollen face, but the accident has not interrupted his work for ten minutes and it will not interrupt his southern trip. The president is pledged to attend the annual conference of the Brotherhood of Locomotive Firemen at Chattanooga, Tenn., next Monday, and he would not on any account disappoint the brotherhood. It is a well known fact that the president holds railroad men in very high regard and he anticipates great pleasure in meeting the brotherhood of firemen next week.

The president was sincerely attached to Craig, the secret service man, who lost his life yesterday, because of Craig's personality and because of the attachment the children felt for him, and he is sincerely grieved at Craig's death. Apart from that event the president is not affected by his experience.

The president feels that the conduct of the motorman of the car that wrecked the carriage was criminal, unless the trolley had gotten beyond his control and the president can hardly believe this was the case, because as soon as the car struck the carriage it stopped.

The president did not allow the accident to interfere with the carrying out of the pre-arranged program except that he made no speeches. Mrs. Roosevelt had arranged in advance to meet the president in Bridgeport, and this she did, going there in the Sylph, accompanied by two of the children and Assistant Secretary Loeb. When Mrs. Roosevelt learned of the accident she telegraphed Mrs. Cortelyou, who was at Hempstead to come to Sagamore Hill and meet Mr. Cortelyou. This she did and Mr. and Mrs. Cortelyou dined with the President and Mrs. Roosevelt, leaving on a late train for their summer home at Hempstead.

The following account of the accident was obtained from a member of the president's party:

"The president and his party were riding in an open landau drawn by four horses, en route for Lenox. The president, Governor Crane and Secretary Cortelyou were in the vehicle, and Craig was on the box with the driver. The landau was followed by half a dozen other carriages.

"The trolley car raced down the hill from behind, being within sight of the procession for half a mile and going at a speed of from forty to fifty miles an hour. The carriages in the rear managed to get out of the way, but the president's was at a part of the road where the space to the right of the trolley track was very narrow.

"The driver had just turned the carriage to the left across the track when the car struck it, hurling carriage, horses and men thirty or forty feet ahead.

"The president was stunned for but a second, and springing to his feet walked back about fifteen yards to where the trolley had stopped and told the motorman that unless the car had gotten beyond his control, which did not seem possible, he had committed an act of criminal recklessness which had resulted in the death of at least one man.

"The president and Mr. Cortelyou went into a farmhouse and washed the blood from their faces, the president's mouth and Mr. Cortelyou's head bleeding a good deal. The president then directed that one of the other carriages be brought up, and that the trip be continued according to program, which was done."

President Much Improved.

Oyster Bay, Sept. 4.—Dr. Lung, President Roosevelt's official physician, says he anticipated no serious results from Wednesday's accident. The president took his usual drive.

The president is making preparations for his trip to Chattanooga.

Motorman and Conductor Held.

Pittsfield, Mass., Sept. 4.—Motorman Madden and Conductor J. Kelly, who had charge of the car that wrecked the president's carriage Wednesday, were held in bond of \$5000 and \$2500 for their appearance in the district court two weeks hence.

Cubans Sympathize With President.

New York, Sept. 4.—The news of the accident to President Roosevelt caused a sensation here, says the Havana correspondent of the Tribune. The Cuban people from President Palma down express sincere regret at his injuries.

Kaiser Congratulates President.

Washington, Sept. 4.—Messages of congratulation over the escape of the president from his accident Wednesday have begun to come to the state department from abroad. One of the first was found to be from the emperor of Germany, which reads:

"Posen, Sept. 4.—President, Washington: With all Americans I praise Providence that saved your life from terrible accident. WILLIAM, I. R."

Cincinnati Theater Burned.

Cincinnati, Sept. 4.—The Odeon theater burned here and Music hall, 1 tunnel m pwasjhgktUaBt, cmfwy adjoining, was damaged. Loss \$100,000.

A GRAND SPECTACLE

Pillars of Fire Shoot High in the Sky from Mont Pelee.

COLORED FIRE FALLS

Above All These Large Aureoles Appeared in the Sky—The Earthquakes Were Severe and Tidal Wave Sweep Coast.

London, Sept. 4.—The correspondent of the Daily Mail at Castries, St. Lucia, has cabled the following account of a phenomena witnessed at the time of the recent outbreak of Mount Pelee on Martinique:

"Between 8 and 9 o'clock on the evening of Aug. 30 a spectacle of terrible grandeur was witnessed from here. A pitch black cloud hung over the island of Martinique through which shot at intervals pillars of flame high in the sky, which broke in fantastic showers of fiery sparks. About night-fall in the clouds sparks were darting about like millions of fireflies, and above all those large aureoles appeared in the sky."

The correspondent then proceeds to confirm details of the eruption as already known, and says:

"There was tremendous earth rumblings and explosions. The ground rocked and nothing could stand on the tables or shelves. Boats for St. Pierre were unable to reach the town owing to the fall of hot ashes, and a tidal wave destroyed the whole sea front of Le Carbet."

MONT PEELE DISASTER.

Over One Thousand Persons Killed and Many More Injured.

Castries, B. W. I., Sept. 4.—The zone of destruction of Saturday night's eruption of Mont Pelee, Island of Martinique, paralleled that which destroyed the town of St. Pierre in May last, but it spread some five miles more eastward. The projection of destructive matter southward from Mont Pelee was almost identical with that of last May. The area embodied Morne Rouge, the southern spur of Mont Pelee, on which beautiful hill was the sanitarium of St. Pierre, dividing the Capote and Champs Dore valleys on the east and Ajoupa Bouillon and Metrie Reine on the west, the market gardens and cattle farms of which supplied St. Pierre. The inhabitants were removed from this area and several villages of Lorraine and Basse Pointe at the base of Mont Pelee after the May catastrophe, but they were sent back by the government last week. The gendarmes of Martinique officially report that 1100 persons were killed and 1500 injured by the latest showers of fiery hail.

Warships and steamers are taking the inhabitants from the coast villages, where people from inland places also have gathered for safety.

Survivors who have reached Fort de France describe the eruption as being the most violent yet experienced.

The detonations were heard at the Island of St. Kitts.

The St. Vincent volcano, the Soufriere, was in eruption simultaneously. Awful detonations were heard along the southern Islands at Trinidad.

Again in Eruption.

Castries, B. W. I., Sept. 4.—The coast telephone service reports other violent eruption of Soufriere volcano on Island of St. Vincent was observed at midnight Wednesday night.

Destruction of Two Villages.

Paris, Sept. 4.—The ministry of colonies has received a cable dispatch from the governor of Guadeloupe saying Morne Capote was much damaged by the recent eruption of Mount Pelee, and that Basse Pointe Heights were burned.

Volcano Dust Out in Sea.

Kingston, B. W. I., Sept. 4.—The German steamer Castilia, which has arrived here from St. Thomas, D. W. I., reports encountering a heavy fall of volcanic dust while 800 miles at sea. She also reports the coast of Hayti completely obscured by the haze caused by the dust.

Will Speak at Reunion.

St. Joseph, Mo., Sept. 4.—Telegrams of acceptance have been received by the committee on arrangements for the reunion of ex-Confederates from Senator Berry of Arkansas, Senator Cockrell of Missouri and "Private" John Allen of Mississippi to attend the reunion and deliver addresses.

Boxers Again in Force.

Hong Kong, Sept. 4.—A boxer proclamation has been posted at Canton inciting the slaughter of foreigners. It ascribes to the work on the Canton-Hanchow railroad and to collect funds for the payment of foreign indemnity.

Again in Session.

Cleburne, Tex., Sept. 4.—The Twelfth

district congressional convention convened here to-day. This is the third convention in two months, to attempt to nominate a congressman for this district. Thus far 6071 ballots have been cast.

Thirteen Killed by Explosion.

London, Sept. 4.—An explosion occurred at Tredegar Iron company's colliery, near Rymley, Monmouthshire, while 112 men were underground. Thirteen of these are known to be dead and seventeen seriously injured.

AN EDITOR SHOT DOWN.

He Is Deliberately Assaulted at His Own Home by Two Men.

San Francisco, Sept. 4.—Fred Marriott, publisher of the San Francisco News-Letter, was shot Wednesday night at his home three times and seriously wounded. His assailants were Thomas H. Williams, Jr., president of the California Jockey club, and Truxton Beale, former United States minister to Persia and Greece. Neither will say who did the shooting, but Marriott says that it was Williams. The following account of the shooting was given by Marriott before he was put under anesthetics at the hospital:

The appointment was made by telephone for a meeting by Truxton Beale. About 9 o'clock Beale and Williams came to the house. I answered the door myself. When reaching to take their hats off Beale struck me a heavy blow in the face and made another slash at me with his fist. "Smash him, the ———," cried Williams. I retreated, as the blow on the forehead almost blinded me. I then started up stairs and Williams began shooting."

The first shot fired shattered Marriott's leg below the knee and he fell to the steps. As he rolled to the bottom of the stairs two more bullets were shot into him. One cut through the thigh a few inches below the hip, passing clear through the leg. The other struck him in the right hand.

Mrs. Marriott, hearing the first shot, came to the head of the stairs in time to see her husband fall. She started down to him. Then, it is claimed, a revolver was turned in her direction and two more shots were fired. One passed within four inches of her head.

Williams when seen said: "Yes, Beale and myself did the shooting, but there is nothing to say. We considered it our duty to punish Marriott for publishing the article last week reflecting on the reputation of a young lady."

KITCHEN MAID SHOT.

Assistant Gardner on Huntington Estate Does the Shooting.

New York, Sept. 4.—Mystery surrounds a shooting affray on the beautiful Huntington estate at Throggs Neck, in which a kitchen maid was probably fatally wounded by a gardener assistant. Mrs. Collis P. Huntington made every effort to baffle the police and coroner until threatened with arrest.

The kitchen maid was Elizabeth Connel, 24 years of age, and the man now under arrest charged with the shooting is Daniel Hawkins, 45 years old, who lives on the estate with his wife and seven children. The victim of the shooting is now at the point of death, suffering from three wounds.

Hawkins is said to have walked into the kitchen and, without a word, fired a bullet into the girl's back. The bullet pierced the lung. He shot her twice more, both bullets striking the arm. Then he ran down to the dock and jumped into the sound, but was rescued.

The cause of the shooting was not learned. The dying girl could give no reason for it, and Hawkins refused to make a statement.

TESTING CONSTITUTION.

A Negro Applies for Injunction Against Alabama's New Constitution.

Montgomery, Ala., Sept. 4.—Giles W. Jackson, a negro, has filed application in the circuit court of the United States here for an injunction against the new state constitution of Alabama. The petition prays the state registrars to be enjoined for the further refusing to put the names of himself and other qualified negro citizens on the registration list. He also asks that clauses of the new constitution be declared unconstitutional. Two previous bills to enjoin the constitution were filed by Jackson, but both were refused.

The Attack at Montauk.

Montauk, L. I., Sept. 4.—Montauk was attacked by the enemy's ships early this morning. The Mayflower appeared in Fort Pond bay at 5 o'clock. She was followed by the Panther and the Supply. The weather was misty and the vessels could not be detected until they had entered the bay.

Marines Land at Montauk.

New London, Conn., Sept. 4.—Official dispatch given out at army headquarters here says ten boat loads of marines from two cruisers landed at Montauk today to attack the signal station there.

Negro Attempts Assault.

Memphis, Sept. 4.—Police are looking for a negro who attempted an as-

Grand Opera House.

THE DAILY EAGLE.

Entered at the postoffice as second class mail matter.

BY CONNELLY & CARNES.

Per Week, 10c. - Per Month, 40c.

FRIDAY, SEPT. 5, 1902.

It is stated that the Rock Island surveyors are blazing the permanent survey and running an air line without regard to missing towns.

Mayor Tom L. Johnson of Cleveland, dominated the Ohio democratic state convention and is now regarded as a logical candidate for the presidency.

The Dallas fair management has the thanks of the Eagle for complimentary season tickets to the fair which opens Sept. 27 and closes Oct. 12. This will be the seventeenth annual fair and probably the greatest in the history of the enterprise.

Gen. H. B. Stoddard, who has just returned from the east, had an interview with Hon. David B. Hill at the office of the latter while in Albany, N. Y. Gen. Stoddard says the great New York democrat made many inquiries about Texas and the south, showing that he is keenly interested in national politics, and expressed sanguine belief in the success of the democratic party in the next presidential election. Gen. Stoddard also says that Roosevelt is certain to be the republican nominee for the presidency, and that he is very popular in the east.

Coughed Up a Needle.

About three years ago Mrs. Mary Phoebe, of Millican, swallowed a needle. Since that time several physicians have been treating her for consumption. Mrs. Phoebe grew worse under the treatment. Recently she made a very hard cough and up came the needle, to her great astonishment, bright as new, with the exception of the point which was a little tarnished. Since she coughed up the needle her health has been greatly improved and she is taking on flesh. She suffered much pain from the needle.—Navasota Examiner.

BRYAN, TEXAS

THE JOHNSON TICKET.

Nominations Made by Ohio Democrats in Session at Sandusky.

Sandusky, Sept. 4.—The following is the ticket nominated by Ohio Democrats in session here Wednesday:

The ticket is as follows:
Secretary of state—Rev. Herbert S. Bigelow, Cincinnati.
Supreme judge—Michael Donnelly, Napoleon.

Food and Dairy commissioner—Philip H. Bruck, Columbus.
Member of state board of public works—Jos. J. Pater, Hamilton.

The Democratic state convention was principally the occasion of booming its presiding officer, Mayor Tom L. Johnson, for the presidency, and of introducing into Ohio politics Rev. Herbert S. Bigelow, pastor of the Vine Street Congregational church at Cincinnati.

The former has been conspicuously before the public as congressman and delegate to national and other conventions for years, but the latter was not so well known until he was made the standard bearer of his party and made a speech of acceptance that was received with unusual enthusiasm. Rev. Bigelow is 33 years old, and has become prominent as a lecturer, as well as a popular preacher.

The convention lasted less than three hours. It was a Johnson convention throughout, though Mr. Johnson himself was more conciliatory than at the preliminary meeting of the past two days. The platform was adopted as it came from him through the committee. The state central and executive committee were both organized as he suggested and the state ticket, with a single exception was nominated by acclamation as slated by the Johnson men.

The only contest for a nomination on the convention was for food commissioner. Ex-Mayor Bruck of Columbus was nominated over Senator Kraus of Cleveland, the neighbor and personal friend of Johnson.

Then followed the declaration of Ohio Democrats and the platform adopted contains this plank:

"In state convention assembled we Democrats of Ohio hereby acknowledge and declare our continued allegiance to the Democratic party of the nation on national issues, re-affirming and endorsing the principles laid down in its last national platform adopted at Kansas City, and which were fully and ably represented in the presidential campaign of 1900 by Wm. J. Bryan, and regarding these principles as opposed to imperialism and colonialism, as opposed to government by injunction, as opposed to trusts and trust fostering tariffs, as opposed to finance monopoly and as opposed to all other legalized monopolies and privileges, we condemn every effort to repudiate or ignore them."

Mayor Johnson with his big tent, opens the campaign at Loraine next Saturday and the convention voted to have delegates present from as many counties as possible.

Chairman Frey stated that the state committee had already arranged to have Bigelow speak in every county and that Johnson and Bigelow would now fill engagements every day and night until after the November election.

Iowa Democratic Ticket.

Des Moines, Sept. 4.—The following ticket was named by the Democratic state convention here Wednesday, the nominations being by acclamation:

Secretary of state—Richard Burke.
Auditor—J. S. McLean.
Attorney general—John Dennison.
Treasurer—R. U. Chapman.
Judge of supreme court—Thomas Stapleton.

Clerk supreme court—Jesse Tripp.
Supreme court reporter—John E. D. Dalton.

Judge of supreme court (short term)—W. H. Quick.
Railroad commissioner—Thomas Benson.

The convention adopted a platform which makes no mention of free silver of the Kansas City platform. This is the first time the Iowa Democrats have ignored the silver question since the Dubuque convention of 1896, when free silver at a ratio of 16 to 1 was specifically endorsed.

Mayor Rose for Governor.

Milwaukee, Sept. 4.—Mayor David S. Rose of this city was nominated for governor of Wisconsin by the Democratic state convention and John W. Watake of Kenosha was the choice for lieutenant governor.

The platform condemns the Republican party for the "enactment and maintenance of a tariff law which fosters trusts."

California Democratic Ticket.

Sacramento, Sept. 4.—California Democrats nominated the following ticket:

Governor—Franklin K. Lane.
Chief justice of the supreme court—John K. Law.
Associate justices—E. C. Farisworth, Jr., and N. K. Bowden.
Secretary of state—Alex Rosebrough.
Controller—F. W. Hartley.
Attorney general—W. A. Gett.
Treasurer—S. H. Brooks.

Landslide Kills 700 Persons.

Vienna, Sept. 4.—News has been received here from Tiflis, Trans-Caucasia, Russia, of a landslide which occurred August 17 in the vicinity of Mount Kasbek and which resulted in the destruction of some 20 villages and the loss of nearly 700 lives. Seismic disturbances seem to have started a glacier which swept down a valley and destroyed everything in its path.

Candidates for DeGraffenreid's Place.
Longview, Tex., Sept. 4.—W. L. Sargent, who was private secretary to the late Congressman DeGraffenreid, and Hon. R. G. Andrews of Winsboro, are candidates for congress from the Third Texas district for all the unexpired term of the late Congressman DeGraffenreid.

Severe frost fell over Canada on Wednesday night.

CONDITION OF COTTON.

The Average Is Lower in Texas Than for Many Years.

Washington, Sept. 4.—Sixty-four points, the present unprecedented low average of the condition of cotton, which is two-tenths of a point lower than the condition on Sept. 1, 1896, is due mainly to the reports from Texas and Alabama, in both of which states the prevailing conditions are nothing less than disastrous.

The average for Texas is 3 points lower than at the corresponding date in 1895 and 1901, and is the lowest ever reported for that state. In Alabama also the crop is the poorest ever known. Georgia reports 9 points below its ten year average; the condition figures are 1 point below the corresponding average in 1899 and 1900. The condition in Louisiana is the same as in September, 1900, or 6 points below its ten year average. Mississippi reports 7 points below its ten year average, but its condition is still 8 points above that at the corresponding date in 1900; South Carolina is within 1 point of its ten year average and North Carolina, Tennessee and Arkansas are 2 points, 7 points and 1 point above their respective ten year average.

There are general complaints of the premature opening and imperfect development of bolls, and from South Carolina, a state whose reports are far from being among the most unfavorable, the statement is made on the authority of ginners that about 14 per cent more seed cotton is required for a 500 pound bale than in an average year.

CAUSE OF THE WRECK.

It Is Supposed That a Broken Rail Ditched the Passenger.

Temple, Tex., Sept. 4.—Passenger train No. 75, westbound on the San Angelo branch of the Gulf, Colorado and Santa Fe railway, went into the ditch Tuesday night between Zephyr and Mullin. Three cars, two coaches and the mail and express car were derailed and Postal Clerk Benson Maxwell, residence at Temple, was injured internally, but not dangerously, and Mrs. R. M. Humphries will probably die, her skull being fractured. None of the others is dangerously injured, though many are painfully cut and bruised about the head, shoulders and hips.

The injured are: Miss Alice, Kate and Agnes Humphries and two sons of Mrs. Humphries, who were moving from Houston to Brownwood; Mrs. B. K. Hawkins and three children, Brownwood; Jeff Crossland, brakeman, Temple; R. E. Baker, Elevins; J. W. Jackson, Elevins; Mrs. M. L. Gilbert and son, Cleburne; George Browline, Zephyr; Bob Bradbury, Zephyr; Steve Hayes, Zephyr; Mrs. Ann Johnson, Ballinger; R. N. Usselson, Temple; B. M. Maxwell, mail clerk, Temple; Miss Della Hill, Killeen; Mrs. Mary Adams, Williamson county; Mrs. Pullen, Belmont; Lee Neblett, Waco; Lee Hall, Brownwood, and a colored porter.

It is presumed that the accident was due to a broken rail, as incoming 76, eastbound, which passed the other at Mullins, passed over a very rough place that jolted the cars badly.

Fatal Duel at Paris.

Paris, Tex., Sept. 4.—In a shooting affray at the southeast corner of the square Wednesday morning at 1 o'clock Joe Copeland, a well known sporting man, was fatally wounded by John Crain, another sporting man. Five or six shots were fired in the fight, but only one took effect in Copeland's right side and passed through, touching the liver and producing a wound from which he died about 7 o'clock. Crain was not hit. He was placed under arrest at the Kimball hotel a few minutes later. He admitted his participation in the shooting and claimed to have acted in self-defense. When taken in custody his revolver showed only one empty shell, and he claimed that one shot was all that he fired.

Death of Captain Brittain.

Georgetown, Tex., Sept. 4.—Capt. J. L. Brittain, one of the old landmarks of this place and for more than 50 years a citizen of Texas, died here Tuesday night of old age. Captain Brittain came to Texas when a boy from Tennessee.

NEWS IN BRIEF.

SITUATION ALARMING

Non-Union Miners Fired on at the
Simmons Creek Mines.

GUARDS TAKE PART

It Is Not Known Whether Any One
Was Killed—The County Officials
Cannot Get Men to Assist in
Keeping the Peace.

Bramwell, W. Va., Sept. 4.—The situ-
ation in the Flat Top coal field is yet
alarming. Wednesday night at Sim-
mons Creek as the non-union miners
were leaving the mines, a volley was
fired at them supposedly by the strikers
hidden on the mountainside. The
guards returned the fire. So far as is
known no one was injured. The officials
at Simmons Creek and other opera-
tions in the Flat Top field have asked
the county and state authorities for
protection, but the county authorities
need officers at so many different
points it seems impossible for the sher-
iff to find men enough whom he can
deputize to preserve order. More than
half the men deputized in the past
week or two by the sheriff as deputies
refuse to act in that capacity. It is
said that whole prosecutions will re-
sult from this when the next criminal
court convenes as the sheriff seems
much enraged at the poor support be-
ing given him. As yet Governor White
refuses to send any troops to this field
notwithstanding many appeals are
made daily.

The fire in the Pocahontas mine con-
tinues to rage although two large
streams of water have been pouring in-
to the pit mouth for two days. The
mine officials fear explosions in the
mine as the result of the fire and it
is difficult to get men who will push
enough into the interior to fight the
fire. Advices from the Elkhart field are
to the effect that probably 100 strikers
returned to work there Wednesday,
chiefly Hungarians, who cannot speak
a word of English. It is more than like-
ly the strikers will endeavor to prevent
them again entering the mines and
trouble may result in that field.

THE COAL STRIKE.

Companies Says Their Proposition Must
Be Accepted if an End Wanted.

Wilkesbarre, Pa., Sept. 4.—President
Baer's declaration that the miners
strike cannot be settled except on
terms heretofore started by the coal
companies has cast a gloom over the
entire strike region.

At strike headquarters President
Mitchell discussed the Baer statement
with some of his lieutenants, but he
declined to say anything for publica-
tion. He said some time in the near
future he may reply to the Baer state-
ment.

President Mitchell denied the report
he had received a communication from
J. P. Morgan, asking him to state the
best terms upon which he would settle
the strike.

ISSUE OF BONDS.

Total Amount Approved by the State for
the Past Year Was \$12,283,138.

Austin, Texas, Sept. 4.—The attorney
general has given out a statement of
the bonds approved from Dec. 15, 1900,
to Aug. 13, 1901, and for fiscal year
ending Aug. 31, 1902. The statement
shows a total amount of \$12,283,138,
divided as follows: County bond,
\$3,288,080; city, \$4,815,549; school dis-
trict, \$320,900; board of education,
\$3,858,607. In addition to the above,
over \$1,000,000 in bonds are pending
for approval awaiting the execution of
bonds.

The governor has appointed W. J.
Greer, of Van Zandt county, district
attorney of the Seventh district, vice
R. W. Simpson resigned. Greer is the
Democratic nominee for the office.

Belton and Temple are to be con-
nected by an electric railway. Articles
of incorporation have been filed by the
Belton and Temple Electric Railway
company, capital stock \$100,000; dis-
tance, 8 miles.

Prof. N. J. Badu of Llano passed
through here from New York, and re-
ported that all arrangements had been
made with an eastern concern to devel-
op the big Iron Mountain mine there,
and work will commence on Oct. 15.

Families Fight Near Houston.

Houston, Sept. 4.—There was a
shooting Wednesday night down the
Harrisburg road. The parties to it
were Joe Weiss, Sr., and Joe Weiss,
Jr., and Mrs. Weiss, on one side, and
McNemott, wife and daughter on the
other. The latter used a sixshooter,
firing 18 or 20 times, and the former a
shotgun loaded with small shot. The
sixshooter did not hit the enemy, but
killed two hogs. The Weisses used ef-
fectively the shotgun and McNemott
was shot in the face, but is not se-
riously hurt. An old feud cause of the
fight. Several arrests have been made.

Robbed and Thrown Off.

Corsicana, Tex., Sept. 4.—News has
reached here that a negro aboard the
southbound Houston and Texas Cen-
tral was robbed of his money and then
thrown from the train between Rich-
land and Wortham by other negroes.
It is stated that the next train which
passed picked him up and took him to
Wortham for medical attention.

The Report Denied.

New York, Sept. 4.—John A. Drake
has denied the report emanating from
St. Louis to the effect that a new racing
circuit will be established by him, Mr.
John W. Gates, and others.

HIS TOUR COMPLETED.

President at Oyster Bay from His Tour
Through New England.

Oyster Bay, N. Y., Sept. 4.—Pres-
ident Roosevelt returned here at 8:30
o'clock Wednesday night after his
thrilling experience near Lenox,
Mass. His right cheek is swollen,
there is a black bruise under his right
eye and his mouth is slightly swollen.
Otherwise he shows no effects of the
accident.

He will go south the latter part of
the week, according to the original
schedule and will be accompanied by
Secretary Cortelyou who, while con-
siderably shaken up, expects that his
injuries will not incapacitate him from
duty. Mr. Cortelyou's nose is badly
bruised, there is a lump on the back
of his head and bruises behind his left
ear and on his body.

The president says he may have to
make his first public appearance with
a black eye and a swollen face, but
the accident has not interrupted his
work for ten minutes and it will not
interrupt his southern trip. The presi-
dent is pledged to attend the annual
conference of the Brotherhood of Lo-
comotive Firemen at Chattanooga, Tenn., next Monday, and he would not
on any account disappoint the brother-
hood. It is a well known fact that
the president holds railroad men in
very high regard and he anticipates
great pleasure in meeting the brother-
hood of firemen next week.

The president was sincerely attached
to Craig, the secret service man who
lost his life yesterday, because of
Craig's personality and because of the
attachment the children felt for him,
and he is sincerely grieved at Craig's
death. Apart from that event the presi-
dent is not affected by his experience.

The president feels that the conduct
of the motorman of the car that
wrecked the carriage was criminal, un-
less the trolley had gotten beyond his
control and the president can hardly
believe this was the case, because as
soon as the car struck the carriage
it stopped.

The president did not allow the ac-
cident to interfere with the carrying
out of the pre-arranged program ex-
cept that he made no speeches. Mrs.
Roosevelt had arranged in advance to
meet the president in Bridgeport, and
this she did, going there in the Sylph,
accompanied by two of the children
and Assistant Secretary Loeb. When
Mrs. Roosevelt learned of the ac-
cident she telegraphed Mrs. Cortelyou,
who was at Hempstead to come to
Sagamore Hill and meet Mr. Cortel-
you. This she did and Mr. and Mrs.
Cortelyou dined with the President and
Mrs. Roosevelt, leaving on a late train
for their summer home at Hempstead.

The following account of the accident
was obtained from a member of the
president's party:

"The president and his party were
riding in an open landau drawn by four
horses en route for Lenox. The presi-
dent, Governor Crane and Secretary
Cortelyou were in the vehicle, and
Craig was on the box with the driver.
The landau was followed by half a
dozen other carriages.

"The trolley car raced down the hill
from behind, being within sight of the
procession for half a mile and going
at a speed of from forty to fifty miles
an hour. The carriages in the rear
managed to get out of the way, but
the president's was at a part of the
road where the space to the right of
the trolley track was very narrow.

"The driver had just turned the car-
riage to the left across the track when
the car struck it, hurling carriage,
horses and men thirty or forty feet
ahead.

"The president was stunned for but
a second, and springing to his feet
walked back about fifteen yards to
where the trolley had stopped and told
the motorman that unless the car had
gotten beyond his control, which did
not seem possible, he had committed
an act of criminal recklessness which
had resulted in the death of at least
one man.

"The president and Mr. Cortelyou
went into a farmhouse and washed the
blood from their faces, the president's
mouth and Mr. Cortelyou's head bleed-
ing a good deal. The president then
directed that one of the other carriages
be brought up, and that the trip be
continued according to program, which
was done."

President Much Improved.

Oyster Bay, Sept. 4.—Dr. Lung,
President Roosevelt's official physi-
cian, says he anticipated no serious re-
sults from Wednesday's accident. The
president took his usual drive.

The president is making preparations
for his trip to Chattanooga.

Motorman and Conductor Held.

Pittsfield, Mass., Sept. 4.—Motorman
Madden and Conductor J. Kelly, who
had charge of the car that wrecked the
president's carriage Wednesday, were
held in bond of \$5000 and \$2500 for
their appearance in the district court
two weeks hence.

Cubans Sympathize With President.

New York, Sept. 4.—The news of
the accident to President Roosevelt
caused a sensation here, says the Ha-
vana correspondent of the Tribune.
The Cuban people from President Pal-
ma down express sincere regret at his
injuries.

Kaiser Congratulates President.

Washington, Sept. 4.—Messages of
congratulation over the escape of the
president from his accident Wednes-
day have begun to come to the state
department from abroad. One of the
first was found to be from the em-
peror of Germany, which reads:

"Posen, Sept. 4.—President, Wash-
ington: With all Americans I praise
Providence that saved your life from
terrible accident. WILLIAM, I. R."

Cincinnati Theater Burned.

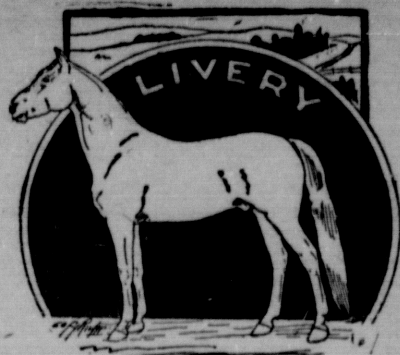

Cincinnati, Sept. 4.—The Odeon
theater burned here and Music hall,
1 tunnel m p was hgtktUaBt, cmfwy
adjoining, was damaged. Loss \$100,
000.
